The Pennington Family Association (hereinafter called the Association) agrees to deposit with the Friends Collection of Lilly Library of Earlham College (hereinafter called the Library), its Archives, documents, books, periodicals, and other materials as listed on Appendix A of this agreement which is hereby incorporated for references (Appendix A will be the inventory of all materials deposited).
2. The Library agrees to store, catalog, and care for the items on deposit according to commonly accepted archival procedures as well as provide library personnel for members of the Association and others who wish to use said items. The Library further agrees to segregate said items from the general library collection.
3. Because of the unique nature of the materials on deposit, it is understood that they will normally be used within the Friends Collection. Officers of the Association, however, will be permitted to withdraw deposited materials for reasonable periods of time for the use of the Association. It is also understood that if the Association authorizes microfilming or the use of some other copying or preservation technology that the deposited materials may leave the Library for that purpose.
4. The Association agrees to abide by the policy and rules of the Library with regard to use of deposited materials.
5. The Association agrees to pay a sum to the Library on an annual basis to help defray the cost of the Library of storing and caring for the deposit. Said sum shall initially be **FIVE HUNDRED DOLLARS** annually, but may be negotiated on an annual basis.
6. The parties agree that the Library does not acquire ownership of any property on deposit under this agreement. Additional deposits may be made in the Library and the Library agrees to maintain records of the depositors' names and the items deposited.
7. This agreement may be terminated by either party with 120 days notice to the other party.
